Compiled by: Department of Medical Education and Research

2nd edition

Vision

Faculty of Health – Care Sciences aims to be a national center of excellence for higher learning and research with a competitive advantage, responsive to the dynamics of the regional, national and global conditions

Mission

To produce men and women of highest professional standards in the practice and delivery of health – care

Motto

"Health for All" through Peace, Compassion, Care and Research

Message from the Vice-Chancellor

The Higher Education opportunities for youth are limited in State Universities; only 16% of students are admitted to enroll for reading Undergraduate Studies in 17 Universities in Sri Lanka based on the Z-Score of Advanced Level Examinations every year.

Therefore, the Faculty of Health Care Sciences offers them External Degrees through catering External Degree Programme in Bachelor of Science in Nursing. So, this is an excellent opportunity for youth to achieve their dream to complete their Degree in State Universities.

The First Batch of this Degree Programme was started in 2006, and approximately Eighty students from three Batches have passed out so far. This is the Fourth Batch of this Degree Programme.

There are High demands for Nursing Degree in the Local and Overseas labour market for getting employment. As the medium of instruction of this Degree Programme is English, it is another opportunity to easy to find foreign employment in the Health Services Departments.

The University Grants Commission recognizes the curriculum and evaluation method of this Degree Programme.

I wish all the students who have been enrolled in this Degree Programme success in the future and appreciate the Dean and the staff of the Faculty of Health Care Sciences to provide this opportunity to these students to achieve their target.

Prof. V. Kanagasingham

Vice-Chancellor

Eastern University, Sri Lanka

19.02.2022

Message from the Dean

It gives me great pleasure to welcome all registered students of the External Degree Programme to the Faculty of Health-care Sciences, Eastern University, Sri Lanka.

The Mission of our faculty is to *produce men and women of high professional standards in the practice and delivery of health*. Our faculty is committed to offering you the best available opportunity to achieve excellence in your chosen field of study.

As registered professional nursing officers, you have the best foundation to progress towards excellence in your profession. While nursing is a vocation where compassion and care are much desired, the need to reach for the best care for your patient lingers around as an invisible requirement. Therefore, I congratulate you for choosing to academically pursue further in your field.

The programme is four semesters long and we expect it to finish within the stipulated two years. I encourage you to dedicate your time and energy in completing the programme well within the time limit.

This handbook has been meticulously prepared for your reference and guidance throughout your stint here, at the Faculty of Health-care Sciences. Please use it to your maximum benefit.

Live, learn and enjoy!

Dr Angela Arulpragasam Anthony

MBBS, MD (Paediatrics)

Dean

Faculty of Health-care Sciences

Message from the Director

Congratulations for securing a placement to pursue the Bachelor of Science Honours in Nursing Degree programme at the Eastern University, Sri Lanka (EUSL) for the academic year 2021/2022. The Faculty of Health Care Sciences (FHCS) offer this programme through the Center for External Degrees and Extension courses (CEDEC). The curricula of this Degree programme was recently revised and upgraded and approved by the University Grant Commission (UGC) of Sri Lanka.

CEDEC supports those who wish to pursue Degree programmes and extension courses externally at the Eastern University, Sri Lanka. The curricula of the Degree programmes conducted by CEDEC are designed to develop and enhance the knowledge, skills and attitudes of the students to become nationally and internationally competitive in their respective fields. External Degree programmes conducted by CEDEC follow open and distance learning (ODL) mode in addition to certain hours of face-to-face contacts that facilitates the students with flexibility for independent learning uncompromising the quality and standard of the Degree Programmes.

This is a precious opportunity for you to expand your knowledge, skills and attitudes besides becoming a graduate of the Eastern University, Sri Lanka. On behalf of CEDEC, I wish you make the most of your time at EUSL and, successfully complete the Degree programme and, become good intellectuals and support the society and the country in every possible ways.

Best wishes

Dr. (Mrs) Q Y Soundararajah

B.Sc.Hons. (EUSL, Sri Lanka), MPhil (UPDN, Sri Lanka), PhD (UOB, UK)

Director

Centre for External Degrees and Extension Courses,

Eastern University, Sri Lanka

Message from the Co-ordinator

I am very glad to welcome our Diploma Nurses 2021/2022 batch to start their External Degree of BSc Nursing to the Faculty of Health Care Sciences. As all of you know that Nursing is a noble profession; gives life to others by caring to the sick and invalid persons. So, by updating your knowledge and skills from diploma to degree you can give best care and practice in your profession and render best service to the mankind. I assure you that we as staff will give you our best support to complete your degree and to make you the best competent healthcare professionals to carry out your future carrier with good knowledge and skills. Also, we have good facilities for both theoretical and practical learning in our faculty. In that way you are fortunate to be selected to our faculty. So my heartiest welcome and I wish you all the best!

Mr. Sathasivam Shanmukanathan, RN

MResc (Dhaka), BSc.Hons N, PBDN (Wd Mgmt, Teach &S/V), Dip in Nursing.
Senior Lecturer in Nursing
Faculty of Health- Care Sciences
Eastern University, Sri Lanka.

EXNSH 4223	Critical Care Nursing -IV	100	2	CC	

Assessment

Two types of Assessments (Formative - summative)

- a. Continuous Assessment
Suitable method/s decided by the department of Supplementary Health Sciences
- b. Final Assessment (End Semester Examination)
Multiple Choice Questions, Structured Essay Questions
Objective Structured Practical examination (OSPE) or/ and
- Approved Suitable method/s

I. Repeat Assessment

- a. If a student obtained grade point below 2.00 in any module is considered unsatisfactory. Student should pass the unsatisfactory module to complete the programme.
- b. Repeat Assessment – One repeat assessment is held for unsatisfactory performance in each module. The repeat assessment in any course in the final year of study shall be held within the forty-five days from the date of the release of results of the semester examinations.
- c. If a student fails to sit the exam due to medical reasons, he/she should submit medical certificate within 14 days. Repeat assessment supported by a medical certificate shall be considered as proper attempt with the approval of the Faculty Board.
- d. The maximum grade given for a repeat assessment shall be “C”.
- e. Candidate failed to obtain “C” in the repeat assessment shall sit at the next available assessment.
- f. Assessment can be repeated not more than three times. A grace chance can be given with approval of Senate.

II. Eligibility of students to sit assessment

- Minimum 80% Attendance
- Completion of continuous assessment (CA)

III. Composition of marks

Continuous Assessment Marks (CAM) - 40%

Summative assessment (Semester Examination) - 60%

IV. Grading and Award of Class

- a) Performance of students on a credited course of study offered by the departments of study of the faculty shall be graded by marks obtained out of hundred for which there shall be a “Grade” and “Grade Point” as provided in the table below.

Grade	Grade Point
A+	4.00
A	4.00
A-	3.70
B+	3.30
B	3.00
B-	2.70
C+	2.30
C	2.00
C-	1.70
D+	1.30
D	1.00
E	0.00

- b) Grading will be given for each module.
- c) Grade point average (GPA) is the credit weighted arithmetic mean of the grade points which is formulated as

$$\text{GPA} = \frac{\text{Total Grade Points (} \sum_i c_i g_i \text{)}}{\text{Total Credits (} \sum_i c_i \text{)}}$$

Where c_i - number of credits for the i^{th} course and g_i - grade point for the i^{th} course. The GPA will be computed to first decimal place. The minimum grade to pass a course unit should be C.

d) The weighted GPA (G) for the degree programme will be computed as follows:

$$G = \frac{G_1 + 2G_2}{3}$$

The G_1 and G_2 which are mentioned in the above equation are the GPA for the 1st and 2nd year of study respectively.

V. Award of class

1 st class	- GPA 3.7 -4.0 with pass in all modules
2 nd class Upper	- GPA 3.3 - 3.6 with pass in all modules
2 nd class Lower	- GPA 3.0 - 3.2 with pass in all modules
Pass	- At least GPA 2.0 with pass in all modules

VI. Award of distinction \geq 70%

Award of Degree

The degree of Bachelor of Science Honours in Nursing, may be awarded by the university and abbreviated as *BScHons (Nursing)*.

The degree may be awarded by the university to a student who:

- i. has fulfilled all the eligibility requirements for registration to the degree and
- ii. has been a duly registered student of the university for the period prescribed for the course of study leading to the degree and whose registration continues to be in force up to the time of completion of requirements and
- iii. has completed to the satisfaction of the Senate the prescribed course requirements leading to the degree and
- iv. has to complete entire programme within four academic years from the registration and
- v. has paid such fees as prescribed by the university and any other dues payable to the university and
- vi. has fulfilled all other conditions, requirements, the rules and regulations of the university.

1. Effective Date of BScHons (Nursing) Degree

- vii. The effective date of BScHons (Nursing) shall be the last date of the last examination.

Attendance & Absence

- Lectures and clinical clerkships are compulsory in BSc Hons (Nursing) degree programme at the FHCS.
- Those who fail to attend any of the above are advised to submit their excuse immediately upon coming back. It is preferable to get prior permission if the leave is planned.
- Those who fail to attend more than 80% in the lectures and 100% in clinical will not be allowed to sit the relevant examinations.
- A student who becomes pregnant during the course of study is strongly advised to take adequate care of herself and to observe the 84 days maternity leave after child birth. This leave will be considered as medical leave. Therefore the student has to follow the programme with next batch as proper candidate.
